THE BENEFITS

Remove the financial burden

Wherever you are on your dental health journey, accessing superannuation funds allows you to start the process and reduce financial stress.

Invest in your future health

Super for Health helps you plan the most important part of your life for yourself and your loved ones.

No ongoing fees or charges

Using your superannuation means no ongoing fees and charges, no costly interest repayments, and no means testing.

Simplify the process

Super for Health takes the stress out of the process, allowing you to focus on your health journey.

Access Your Super for Dental Care

Use your superannuation to fund dental treatments and take control of your health today!

NEED DENTAL TREATMENT BUT WORRIED ABOUT THE COST?

If you need essential dental care but have concerns about affordability, compassionate release of your superannuation could provide a solution.

Compassionate release enables eligible patients to access their superannuation early for necessary dental treatments when other financial options aren't viable.

Super for Health simplifies this process, providing a straightforward, ethical, and stress-free experience.

Our experienced healthcare case managers collaborate directly with your dental professional, ensuring your application is efficient and timely. There are no upfront costs, and approvals typically take just 14 days, with funds released by your super fund within three to five business days.

We're here to support you every step of the way, making access to high-quality dental care ethical, compliant, and achievable.

FIND OUT IF YOU QUALIFY

All Australian citizens and permanent residents who have superannuation are eligible.
